

IN THE SPIRIT OF ADVENTURE

At the heart of historic Boat Quay, we pay tribute to the intrepid explorers and pioneering spirits who were instrumental in shaping modern Singapore during the Spice Trade era.

This spirit is not confined to the grandeur of scaling towering mountains or traversing vast oceans; but rather a captivating concept that fuels curiosity, drives innovation, and enriches our lives in myriad ways. Whether in grand explorations or in the pursuit of personal passions, the spirit of adventure reminds us to live fully, to embrace the wondrous tapestry of life with open arms and eager hearts.

We hope that your experience tonight will unfold into an adventure, one that becomes a cherished chapter in the story of your life.

Love,
Team Anthology

ON TAP

Try our sparkling fermented alcoholic beverages made from raw Southeast Asian ingredients. It's refreshing, bubbly, and naturally sweet - a perfect drink to kick start your night.

RICE WINE 15

Fragrant Jasmine rice from Thailand is polished, steamed, mashed, then fermented to produce a creamy and nutty beverage reminiscent of a cross between a makgeolli and nigori sake.

COCONUT TODDY 15

Known for its ayurvedic benefits, fresh coconut water undergoes fermentation to become this refreshing and spritely drink commonly consumed in Sri Lanka, Indonesia and Malaysia.

APRICOT TEA MEAD 15

One of the world's oldest alcoholic beverages is mead. Our rendition uses wildflower honey as a base, interacting with fresh osmanthus blooms to produce notes of aged apricots and floral tea.

CANE WINE 15

Raw, humble sugarcane juice and unadulterated champagne yeast make magic. This agricole vino is an off-dry refresher, packing a satisfying punch like all good bubbly should.
