# WINES

## *On-Tap*

### *Rice Wine · 15*

Fragrant Jasmine rice from Thailand is polished, steamed, mashed, then fermented to produce a creamy and nutty beverage reminiscent of a cross between a makgeolli and nigori sake.

### *Coconut Toddy · 15*

Known for its ayurvedic benefits, fresh coconut water undergoes fermentation to become this refreshing and spritely drink commonly consumed in Sri Lanka, Indonesia and Malaysia.

### *Apricot Tea Mead · 15*

One of the world's oldest alcoholic beverages is mead. Our rendition uses wildflower honey as a base, interacting with fresh osmanthus blooms to produce notes of aged apricots and floral tea.

### *Cane Wine · 15*

Raw, humble sugarcane juice and unadulterated champagne yeast make magic. This agricole vino is an off-dry refresher, packing a satisfying punch like all good bubbly should.
